

In this file I send you the instructions about the last writing task for the third term.
In the next page you can find the form in which it is stated the topic you have to write about and which may already be familiar to you all.

As I reckon you may all have finished studying the grammar content I sent you last week, as well as the different exercises for the practice and consolidation, right now you may be eager to receive more things to do for the subject, therefore, **the deadline to hand in your writings will be next Thursday 26 March, 2020.**

As an example to follow the structure or lay out of this type of writing, you can refer to the school magazine article on page 82 in your Student's Book.

You must send the writing task to the following e-mail address:

miguelangel.garcia5@murciaeduca.es

Remember to write clearly in the form your full name and group.

Take care and I do hope to see you all very soon!!!!
